

Every load logged, every schema validated,
freshness tracked, platform.* – the
governance spine.

ONE RULE

Raw kept · refined once · served ready ·
accountable. Full inventory on the back.

Title & audience, reading-list results,
reading levels. Pull and go – no rebuild.

PAIRS WITH #3

Issue #3 named the layers – Bronze, Silver,
Gold. This is what's actually in each one,
today.

Libby checkouts, work identity, reading-list
matches – cleaned & joined.
